

SOLVING THE 7,000+ APPLICANT BOTTLENECK

THE CHALLENGE & INTELLIGENT SOLUTION

A Canadian client faced a massive hiring bottleneck after receiving over 7,300 applications for Software QA Engineers in just four days.

Massive volume received within 4 days created an impossible manual screening task for recruiters.

TRADITIONAL ATS

Manual filtering would take weeks.

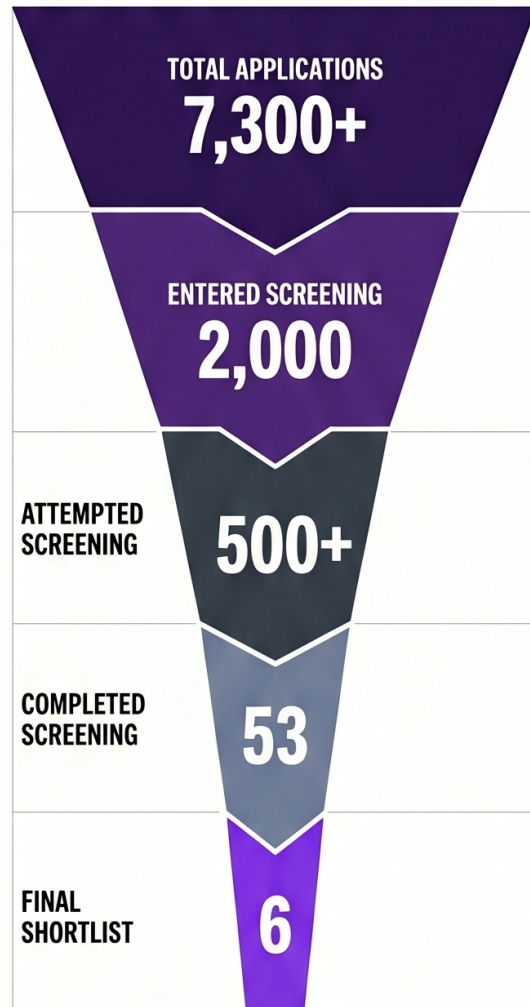

JOBZIPPY

Structured screening filters for serious, qualified candidates instantly.

SOFTWARE QA ENGINEER SEARCH

A real-world hiring challenge solved for a Canadian client using intelligent screening.

THE SCREENING FUNNEL & RESULTS

HIGH-EFFICIENCY OUTCOME

Delivered a qualified shortlist in 10 days with only 1 recruiter involved.

COST-EFFECTIVE HIRING

The total cost for the entire screening process was only £265.
